**Subject:** Eureka dilution modeling review follow-up

Heaven – I've taken the relative calm of the Thanksgiving week to write up my comments on the documents you and your team shared with me after our call on November 2<sup>nd</sup>, and would like to get those to you while they're still useful. Would you like to schedule a call, or should I simply send you my write-up?

On an unrelated note, please be aware that the state website for NPDES contacts

[https://www.waterboards.ca.gov/water\\_issues/programs/npdes/](https://www.waterboards.ca.gov/water_issues/programs/npdes/)

apparently has an incorrect phone number listed for you. I tried calling that (office) number earlier today while attempting to contact you, and it connected me instead to Steven Bernstein's "I have retired from state service" recording.

-Pascal
